Cade Burke is a Land Agent Assistant under Matt Adams at Peoples Company. He grew up in Central Iowa, where his passion for agriculture began at an early age raising and exhibiting show cattle. As a proud member of the American Shorthorn Association, Cade has developed a deep appreciation for the agricultural industry, the value of farmland, and building relationships with landowners, producers, and others throughout the community.

In his role with Peoples Company, Cade is focused on supporting the land brokerage process and helping provide clients with professional and positive experiences from start to finish. He is committed to expanding his knowledge of the land industry and doing the work necessary to help each transaction achieve the best possible outcome.

In his free time, Cade enjoys riding motorcycles, going to the lake, attending concerts, and deer hunting.
